'Pretty Lady Maria' USPP#260093

'Pretty Lady Julia' USPP#23131

'Pretty Lady Susan' USPP#22331

License for propagation is required

### TRANSPLANT LINERS

**POT SIZE:** Transplant liners into 1-gallon (4 litre) or 6- to 8-inch (15 to 20 cm) pot with one cell per pot.

**MEDIA:** Porous soil with good drainage is important.

**VERNALIZATION:** Not required for flowering.

### GROWING ON

**MEDIA pH:** Optimum not tested. Standard for 1-gallon (4 litre) pot is 5.5 to 6.5.

**MEDIA EC:** Optimum not tested. Standard for 1-gallon (4 litre) pot is 1.0 to 3.

**MOISTURE:** Do not allow plants to dry out and wilt. This will cause irreversible damage to foliage and developing flowers and buds.

**FERTILIZER:** 100 to 150 ppm nitrogen constant liquid feed.

**SUPPLEMENTAL LIGHTING:** Long days required for bud initiation. Not necessary to provide extra light when grown outdoors June to September.

**TEMPERATURE:** If finishing in the greenhouse, heat to 68°F (20°C) is sufficient.

**COMMON PESTS:** Foliar nematodes and root knot nematodes for Anemone genus. None seen.

**COMMON DISEASES:** Rhizoctonia.

**GROWTH REGULATORS:** None trialed.

**COMMENTS:** Color fades inside greenhouse. Extreme heat will delay flowering.

### VARIETY FEATURES

- Long-lived garden plants great for mixing with garden mums, including the perennial Igloo *Dendranthema* Series, and other fall flowering perennials.
- Two double and two single flower forms in pink and a white single form.
- Large flowers over 2 inches (5 cm) wide
- Compact habit unlike other *Anemone hupehensis*
- From Mr. Yoshihiro Kanazawa, Japan

## SCHEDULING RECOMMENDATIONS

Plant unvernallized liners in late May to early June for flowering plants in late September into early October. In our Lancaster, PA Zone 6 trials, pots grown under shade cloth were slightly ahead of plants grown in full sun. Do not suggest planting later than June 15th.

## CONTAINER STATISTICS

**LIGHT:** Full sun to part shade

**FLOWERING HEIGHT:**

**'Pretty Lady Diana', 'Pretty Lady Emily',**

**'Pretty Lady Julia', 'Pretty Lady Maria':**

18 inches (46 cm)

**'Pretty Lady Susan':** 12 inches (30 cm)

## GARDEN STATISTICS – 3rd year

**LIGHT:** Full sun to part shade

**HEIGHT:** 24 inches (61 cm)

**SPREAD:** 24+ inches (61 cm)

**USDA HARDINESS ZONE:** Zone 5 to 9.

## Comments:

These are spreading plants in the garden.

Requires moist soil in garden, not tolerant of very dry conditions.
